DAVID RUSSELL DEDICATION

The yearbook staff proudly dedicates the 1967 LYNXITE to Mr. David Russell, Associate Professor of Mathematics, who is leaving Lincoln College after ten years of service. Equally at home teaching English, basic studies, or mathematics, playing the piano, or collecting fossils, Mr. Russell will be greatly missed by his students and colleagues. A brilliant man with a ready wit, he makes both the classroom and the living room more appreciative of the vitality, beauty, and interest in our world.

FEATURES

An ever-changing forum of special events confronted the students of Lincoln College this year, challenging their intellect, testing their athletic skill, or just supplying them with enjoyment and diversion from study.

From the opening Convocation, through the first and then the second semester, and right up to the final and perhaps most significant occasion of the year, Commencement, activities ranging from the Winter Olympics to the Pajama Dance to the Spring Formal were held. First, as always, came the nostalgic and happy Homecoming celebration. In December, the Winter Olympics spotlighted the strong-minded and strong-willed LC students, testing their athletic prowess. And finally, the climax, the apex of the winter at Lincoln, the Christmas Dance, came and whirled its way to a great success.

A highly successful Parents' Weekend and an informative, helpful Business Day brought parents and visitors to the LC Campus.

Throughout the year, musical concerts studded the Lincoln calendar. Folk singing, piano, and orchestra were represented; but the brightest jewel was the Ramsey Lewis Trio, appearing under the auspices of the Lincoln Student Senate.

Facts and phenomena in both history and science were exhibited during the Spring. The History Fair, sponsored by the Logan County Historical Society, included exhibits of historical relics from nearly every period of American life. Frogs, foxes and turtles, first alive, then dead, were three of the most interesting Science Fair exhibits. The exhibits covered many of the major branches of science, including mathematics, biology, chemistry, and physics.

Spring fever of many LC students gave vent to the Pajama Dance, and the following weekend the Spring Formal arrived in all its splendor and dignity.

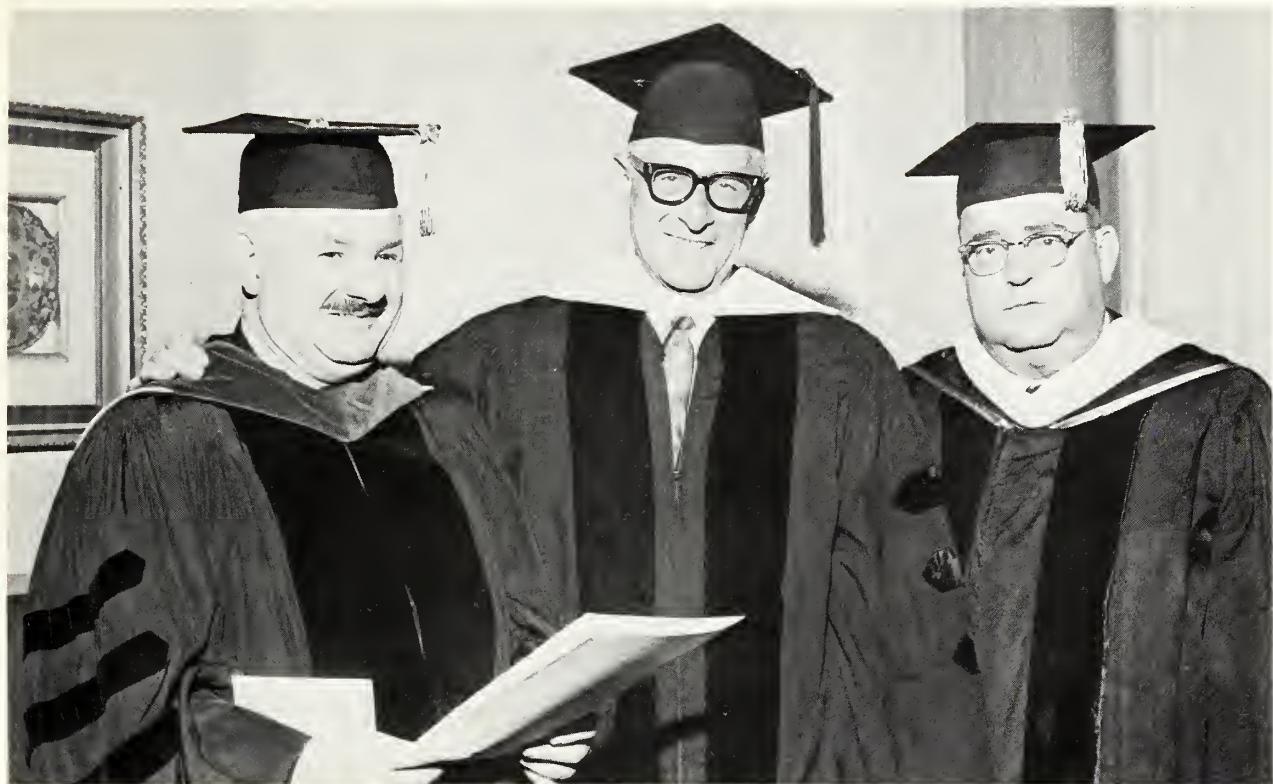

And finally, when all was done, came the crowning touch--Baccalaureate and Commencement. With a flourish and a handshake, Lincoln College bestowed degrees upon 178 graduates, sending them out into an ever-changing, ever-challenging world.

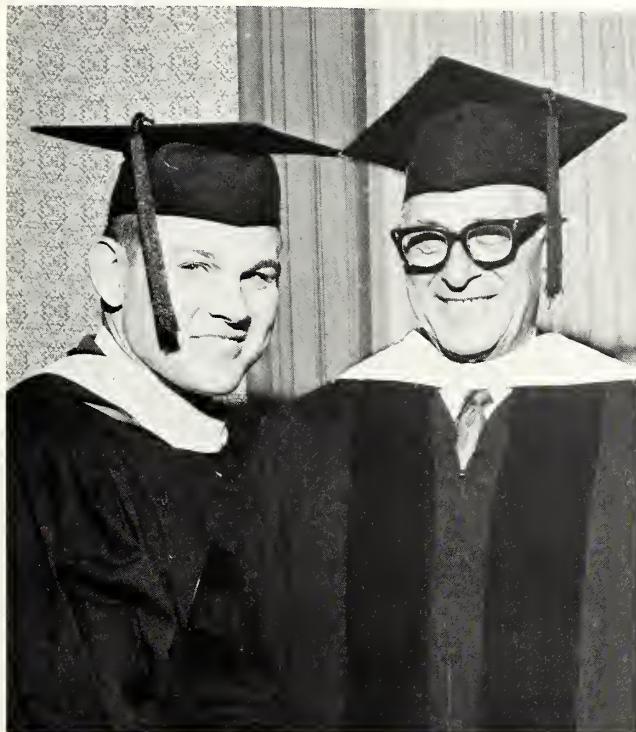

A happy occasion for all. From left: President Dooley, Trustee Ralph Newman, Honorary Doctor Roy Crocker, Dean of Faculty Edwin Carpenter.

CONVOCATIONS

Convocation - the official opening of a new semester - symbol of the challenge it will offer. At Lincoln College convocations are made impressive by the formality of the academic procession and by the conferring of honorary degrees.

In September, 1966, the beginning of the school year, two honorary degrees were conferred. John W. Huck, Executive Director of Associated Colleges of Illinois received an Honorary Doctorate of Humane Letters. Roy Crocker, Chairman of the Lincoln Savings and Loan Association, Los Angeles, California, received an Honorary Doctorate of Laws.

On February 8, 1967, at the Charter Day Convocation, Herbert O. (Fritz) Crisler received an Honorary Doctorate of Humane Letters.

HOME

Such pretty Homecoming Queen candidates make choosing only one difficult. Lincoln Lovelies are (from left) Monica Smith, Beth Johnston, Kim Schmidt, Ann Brokaw, Rachel Samson.

HAPPINESS IS

To complement the queen candidates are no less handsome Homecoming King candidates. What co-ed could resist (from left) Alex Bernstein, Bill Donaldson, Don Allen, Greg Manach, and Greg Beenders.

COMING

"Happiness is" . . . an appropriate theme for the Lincoln College Homecoming. Happiness and tradition filled the weekend. Early in the week the candidates for King and Queen were presented. On the big weekend Lincoln College students first enjoyed a program by the vivacious Roxanna. Saturday held the Sophomore tree planting, a victorious soccer game with Meramec Jr. College, which Lincoln won 3 to 1, and the Homecoming Dance, where the King and Queen were crowned. Sunday the visiting alumni enjoyed a delicious buffet and reminiscing about the good old days.

Homecoming tradition enthusiastically upheld. Lincoln cheerleaders chant "Go Lynx Go" while Bill (Tiny) Collier, soccer goalie, crashes through hoop.

Homecoming Royalty Beth Johnston and Bill Donaldson enjoy dancing together as they reign over the 1966 Homecoming Dance.

Snoopy triumphs again. Olin-Sang's float featuring Snoopy "holding the sack" won first place in the float competition. Snoopy happily graced the Olin-Sang lounge for the rest of the school year.

A representative group of sophomore students assist Mrs. David H. Harts, Lincoln College Trustee, in planting the Sophomore Class Tree. Looking on are President Dooley and Vice President Layman. The tree, a Norway Maple, was grounded near Olin-Sang Hall.

Would you believe happiness is decorating the steamy
ol' gym?

Roxana sang and led students in singing folk songs in the informal atmosphere of the half decorated gym on the Friday night of Homecoming Week.

He pushed me first!

And in this corner . . .

Laurel and Hardy

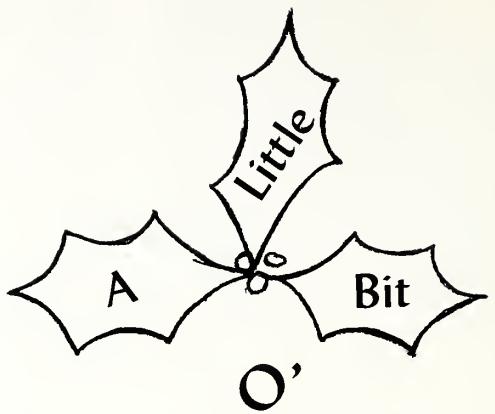

It's all over but the shouting.

WINTER OLYMPICS

Swallowing goldfish and stuffing telephone booths pale before Lincoln College's version of Winter Olympics. Apparently nothing can relieve the pressures of the academic routine as effectively as girls wrestling or . . . a pie in the face.

In fifteen more days, Santa will be busy as a beaver.

CHRISTMAS ROYALTY. (Left to right): Arline Peeters and Jim Kennedy, Mary Hayley and John Culumber, Susie Foster and Herbie Buttrick, Kay Ephland and Don Allen, Candi Dickens and Greg Beenders, 1965 Queen Monica Smith and John Boline.

With glimmering decorations and soft music, the 1967 Christmas Dance, held at the Lincoln Aquatic Club, was one of the highlights of first semester activity. Candi Dickens was crowned Queen, and reigned superbly with Greg Beenders as King. The combination of excitement and enchantment made December 10, 1967 a night to remember.

Lincoln College Annual Parents' Weekend took place this year in November on two consecutive weekends because of the size of the student body. Parents took advantage of this time to meet teachers and acquaint themselves with the Lincoln campus. The first play of the year, the dedication of Hoyle Hall, a talent program, a fashion show and an art exhibit helped to entertain the parents during their stay.

PARENTS' WEEKEND

The award winning Lehner Sisters, Dianne and Nancy, helped provide entertainment at a special student program for visiting parents.

The History Fair began with a bang.

The Logan County Historical Society presented the First Logan County History Fair in Lincoln College gymnasium on April 14 and 15. The Fair brought together items of authentic historic interest so that we might share with others the knowledge and inheritance of our country. Among the judges of the exhibit was Mrs. Onalee Balof, Professor of History at Lincoln College. Winner in the Adult Division was a Lincoln College Student, Thomas Jay Perkins, Jr. of Glen Ellyn, Illinois.

BUSINESS DAY

The second annual Lincoln College Business Day, sponsored by the Lincoln College Parents Council was held on campus Thursday, April 20th. The keynote speaker was Norman A. Ross, famed radio and television commentator, who commented on his recent world tour.

After the speech, ten successful business men and women, representing as many different areas of business, spoke at small group conferences. Each explained his particular area and the qualifications in education and training necessary for entering it. Areas covered included banking, personnel, production engineering, sales, publishing, data processing and business machines, transportation, airlines stewardess, and office careers for women.

Bartel, president of Parents council.

SCIENCE FAIR

Lincoln College presented its third annual Science Fair on the last weekend in April. The departments of biology, physical sciences and mathematics teamed together to present a most successful display of exhibits. Lincoln College students set up and demonstrated these exhibits to their fellow college students as well as to visiting high school students, junior high school students and people of the community.

About 45 L.C. students participated in projects in chemistry, physics and mathematics, while nearly 200 participated in botany, biology and hygiene. A major effort was made by everyone participating to get the viewer involved actively in each exhibit.

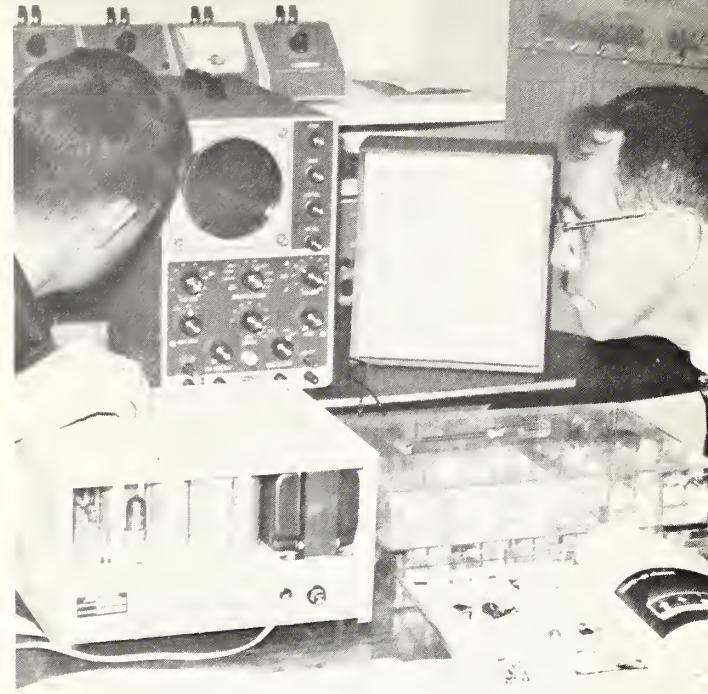

Bruce Hering is completely absorbed in treating the skin of a fox.

"We're so tired of working with these frogs. We wish we could be where the action is." This seems to be the reaction of Mike Weiss and Richard Seiler as crowds gather behind them to view another exhibit.

YOURS VERY CANDIDLY GEORGE BERNARD SHAW

Ken and Kathy Albers, talented husband and wife team, entertained Lincoln College students with their program, *Yours very candidly, G. B. Shaw*. Mr. and Mrs. Albers are graduates of the School of Drama, Illinois Wesleyan University, and are now doing graduate work at the University of Minnesota. Their program, which they wrote, directed, and produced, consists entirely of sections of Shaw's published writings and private letters.

Win Stracke, below, director and founder of the Old Town School of Music in Chicago, and Ray Tate, Dean of the school, presented a concert to Lincoln College students and faculty in early October. They sang standard folk songs as well as a few unfamiliar ones, and occasionally asked the audience to join in. Singing alone or together, these two musicians provided an enjoyable morning of entertainment.

Remember how exciting it was to walk on the new steps for the first time?

Karma Joseph meets and enjoys Win Stracke.

It's a far cry from the Spring Formal - would you believe it's the Spring Informal?

SOFTLY AS I LEAVE YOU

Softly as I leave you . . . a romantic theme for a romantic occasion, the Spring Formal, last dance of the school year. Sweet music by the Dave Holcomb orchestra, soft lights and beautifully gowned L. C. coeds made the evening a memorable one. The Sophomore Class, sponsor of the dance, did fine work behind the scenes. Rachel Samson was chairman of tickets and bids with Michelle Moran as co-chairman; Jan Danielson was chairman of publicity. The Sophomore Class decorated the Aquatic Club as a park in Spring, Mrs. Peggy Hergert served refreshments and Mrs. Lucy Mac Vane chaperoned.

Steve Orr and his date enjoy the evening.

Commencement: a degree or a certificate, the result of two years of hard work. Lincoln College students, capped and gowned appropriately, participate in the pomp of commencement with their instructors, the administration and guests. At the June commencement, three honorary doctorate degrees were awarded. Dr. Delyte Morris, President of Southern Illinois University received the degree Dr. of Letters. Dr. Stanley H. Byram, President of the Board of Trustees, Lincoln Memorial University, Harrogate, Tennessee and Dr. Davre J. Davidson, President of the Automatic Retailers Association of America, Los Angeles, California, both received the degree, Dr. of Humane Letters.

ACTIVITIES

Only through permanent, active organizations on the campus can a really healthy social and recreational spirit be put into college life. At Lincoln College this year a great variety of clubs and organizations gave students the chance to follow hobbies to greater heights, as well as offering them new ones. Students could increase their knowledge of political and religious, as well as social, affairs through such organizations as the Young Republicans Club and the Inter-Faith Council. The all-college activities often helped foster a more enjoyable social life for the entire school. From the Naturalist Club to the Newman Club, from the Radio Club to the L. C. Players, students were provided with a chance, and a challenge, to increase their awareness, to improve their skills, and to realize that their interests play a vital part in the learning process.

STUDENT SENATE

The major achievement of the Student Senate this year, according to many, was its function in forming the All College Council. The Council, composed of the Student Senate President, five members of the Senate and representatives from the college administration and faculty, established channels of communication between the student body, the faculty, and the administration. The All College Council met once a month to discuss matters of mutual concern.

FRESHMAN COUNCIL

A new organization this year, the Freshman Class Council is a committee of fifteen students, each having an alternate, which meets regularly as an aid to the class officers in planning and carrying out the Freshman Class activities. The council members were chosen by a student-faculty committee, and were invaluable in guiding class functions.

INTER-FAITH COUNCIL

Newman Club, campus organization for those interested in the Catholic faith, sponsored two significant events this year: a Rock n' Roll Mass and a movie about Vatican II, *The Open Window*. In addition members enjoyed monthly breakfasts together.

IFC sponsored a sincere and impressive worship service for Mother's Day on Campus. Students presented the entire service of music, choral reading and the message, "Where in the World Is Religion?" Throughout the year, IFC groups studied such subjects as prayer, drama, and different faiths.

PHI THETA KAPPA

President Dooley congratulates Dianne Lehner.

Phi Theta Kappa is a national junior college honor fraternity. To be eligible for membership, a student must maintain at least a 3.00 average for two consecutive grading periods not in the same semester. After meeting these requirements, the candidates are voted on by the faculty and the current Phi Theta Kappa members.

Miss Dianne Lehner, sophomore student and valedictorian of the 1967 graduating class, was the top award winner at the Honors Day ceremony in May. She received the Mathematics Award, Physics and Chemistry Award, and the William B. McKinley Prize for the graduate most nearly exemplifying the ideals of Lincoln College in scholarship and character. At commencement exercises in June, the Lincoln resident was awarded the Samuel B. Evens prize for the graduate with the highest scholastic average.

LINCOLN COLLEGE PLAYERS

Under the direction of Mr. N. B. East, L. C. Players opened their season in November for the Parents' Weekends with the comedy of manners *THE IMPORTANCE OF BEING ERNEST*. It is indeed important for Algernon Moncrieff (Mark Frazier) and John Worthing (Thomas Amato) to be both Ernest and earnest in their pursuits of Gwendoline Fairfax (Marcia Mallory) and Cecily Cardew (Linda Biddle). The two young ladies both want to marry men named Ernest.

In March, L. C. Players varied pace with a heartwarming comedy, *THE SILVER WHISTLE*. Oliver Erwenter (Pat Murdoch), a middle aged tramp posing as an old man who has found the secret of youth gains entrance to a respectable but poor church home for the aged. His enthusiasm for life affects both the oldsters, who regain their dignity, and the young and pretty Supervisor of the home (Renee Redlick).

The first weekend in May was the date for the moving drama *TEACH ME HOW TO CRY*. With its complex technical work and with roles demanding great sensitivity, this play certainly challenged the intelligence and insight of cast, crew and director. It is to L. C. Players' credit that they were able to meet the challenge and produce such a good show to end their season.

LINCOLN COLLEGE PLAYERS

Combining skills of acting, costuming, stage design, and make-up artistry, the Lincoln College Players, under the direction of Mr. N. B. East, presented three plays during the 1966-67 school year.

THE NATURALIST CLUB

By far one of the most active groups on the L. C. Campus is the Naturalist Club. Colorful posters invited students to join the club at anytime during the year. The Naturalists took a trip to Chicago, planned an overnight campout, took nature hikes, and became better acquainted with the world about them.

Third row: Paul Pietsch, Sharon Thompson, Steve Vitale, Fred Pamer, Don Otte, Chris Bower. Standing are Ed Strubinger, Wayne Johnston, Larry Wilson, and Gary Neihans.

MUSIC ON CAMPUS

Working together, the Wind Ensemble and the College Chorus presented many delightful musical moments for the Lincoln College students and faculty. They performed at major assemblies, convocations, parents' weekends, and commencement, as well as staging several other concerts during the year. Talented students and long hours of practice combined to make 1966-67 a successful musical season.

FIRST SEMESTER CHEERLEADERS. Standing are Dianne Lehner, Jan Johnston, Nancy Lehner, and Candi Dickens. Kneeling are Evelyn Ogata, Sharon Pitler, and Mary Hayley.

Cheering loyally on the sidelines of the soccer field for the fighting Lynx, sometimes in the extreme heat, sometimes in the severe cold, and sometimes in the pouring rain, the first semester cheerleaders followed the soccer team as far as St. Louis to yell and scream and otherwise encourage them. When winter came and the basketball season arrived, the group of girls below, in brand new purple outfits with great big white stripes, did their very best to get students to "stand up and holler" for the Lincoln College Lynx. Spirited enthusiasm, cheering ability, and four long hours of practice each week under the experienced direction of Captain Dianne Lehner, were the elements that made this year's cheerleaders an outstanding, entertaining squad.

ATHLETICS

CHALLENGE

TRAINING

MIND

BODY

Muscles and sweat-drenched skin; the roar of a sideline crowd; the sweet bloody tears of victory, or the bitter dejection of defeat. Hours upon hours of practice, capped finally by the actual performance, sometimes good, sometimes bad. This was athletics at Lincoln College.

Soccer, basketball, tennis, and baseball all gave athletes at Lincoln chances to show their skills. And the intramural sports program gave even more students the chance to participate. Whether in school-to-school or dorm-to-dorm competition, athletics at Lincoln College challenged the spirit and bodies of much of the student body.

SOCER

The challenge that was presented to the soccer team this year was met with spirited aggressiveness. Looking at the accomplishments of the "Lynx Eleven" this past season, the college can claim the best soccer season in its history. The Lynx brought to their lair an exciting Homecoming victory over Meramec Junior College. In the final tally, Lincoln won six of the twelve games in Region IV of the N.J.C.A.A. Another challenge presented to the Lynx was the scheduled game with Greenville, in which the Lynx emerged victorious. This was the first time that Lincoln College had ever beaten a four year university in soccer competition. A final significant factor of the season was that the Lynx were knocked out of the N.J.C.A.A. National Tournaments by only one defeat - Florissant Junior College. Because each player enthusiastically met his own personal challenge, the 1966 soccer team was one of Lincoln College's best.

ALL AMERICAN HONORABLE MENTION

Barrie Niebergall, a graduating sophomore, this year brought honor to himself, his team and his school by receiving an all American Honorable Mention for soccer. Barry had never played soccer before coming to Lincoln and his talents were discovered in physical education class. His position was center half, the hardest position to play because it covers the entire 110 yard field.

In addition to his athletic ability Barry holds a strong 2 point grade average and is considering attending Eastern Illinois University next year. Barrie is the son of Mr. and Mrs. Ross E. Niebergall of Sycamore, Illinois.

Barrie, in action, closes in on the ball.

The Lynx cagers compiled a 14-14 record in the junior college circuit against top competition from a six state area. Over Thanksgiving vacation, the Lynx lost to Lindsay Wilson from Kentucky, but came back to take third place in the Holiday Tournament by defeating Southeastern Christian College. One of the highpoints of the season came in the Muskegon Holiday Tournament over Christmas vacation, in which the Lynx earned first place by taking measure of Kellogg Community College and Grand Valley State. From this point on, the Lynx were a changed team - practiced, improved, and confident. At the end of the season, statistics showed that Tom Maguire led in scoring with a nineteen point per game average, as well as leading in rebounding. By a vote of the team members, Lance Rogers was named Most Valuable Player. This award was presented at the Honors Day assembly in late May. At the same time, Larry Ripka was awarded the Kiwanis Free Throw trophy and Greg Beenders received the Hodnett Trophy which is presented annually to the basketball player with the highest scholastic average.

The Lynx leap high as Greg Beenders and Tom Maguire scramble for the ball in the important Canton game, and . . .

Greg Beenders ends the battle with a lay-up shot and two points for Lincoln.

BASEBALL TEAM. First row (from left): Manager Jim Murphy, Jim Orr, Dan O'Brien, Tom Howe. Second row: Len Batterton, William Schaeffer, Tom Golden, Bill Sangbrush. Third row: Larry Ripka, Randy Smith, Bill Dickens, Bob Young, Harold Boyer.

BASEBALL

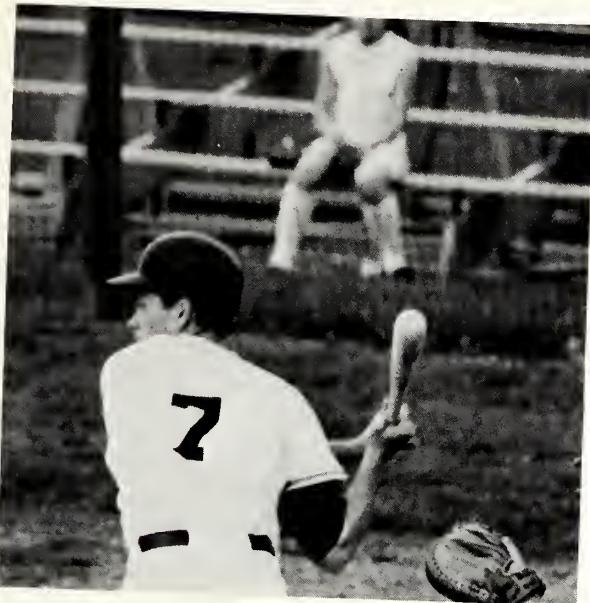

With sharp determination and tough-toothed tenacity, the 1967 Diamond Lynx bit into last year's record (4-17), destroyed it, and produced a very much improved one. An enlarged schedule resulted in 14 wins and 18 losses.

Lincoln faced rough competition all year, facing teams including the freshmen from the University of Illinois, Northwestern, Illinois State University, and Eastern Illinois University. The Lynx once again took a trip to the South, where they met disaster last year (losing seven games they played), and this year won four and lost four. Coach Chuck Lindstrom was, of course, quite pleased.

Lincoln was able to win their first sectional game in the state junior-college championship tournament, mowing down Canton 8-7 in ten innings; but they then were toppled by Blackhawk Junior College of Moline, 6-5 in eleven innings.

Several players led the Lynx in their success. Len Batterton, Randy Smith, Bill Sangbusch, Bobby Young, and Dan O'Brien all contributed a great deal.

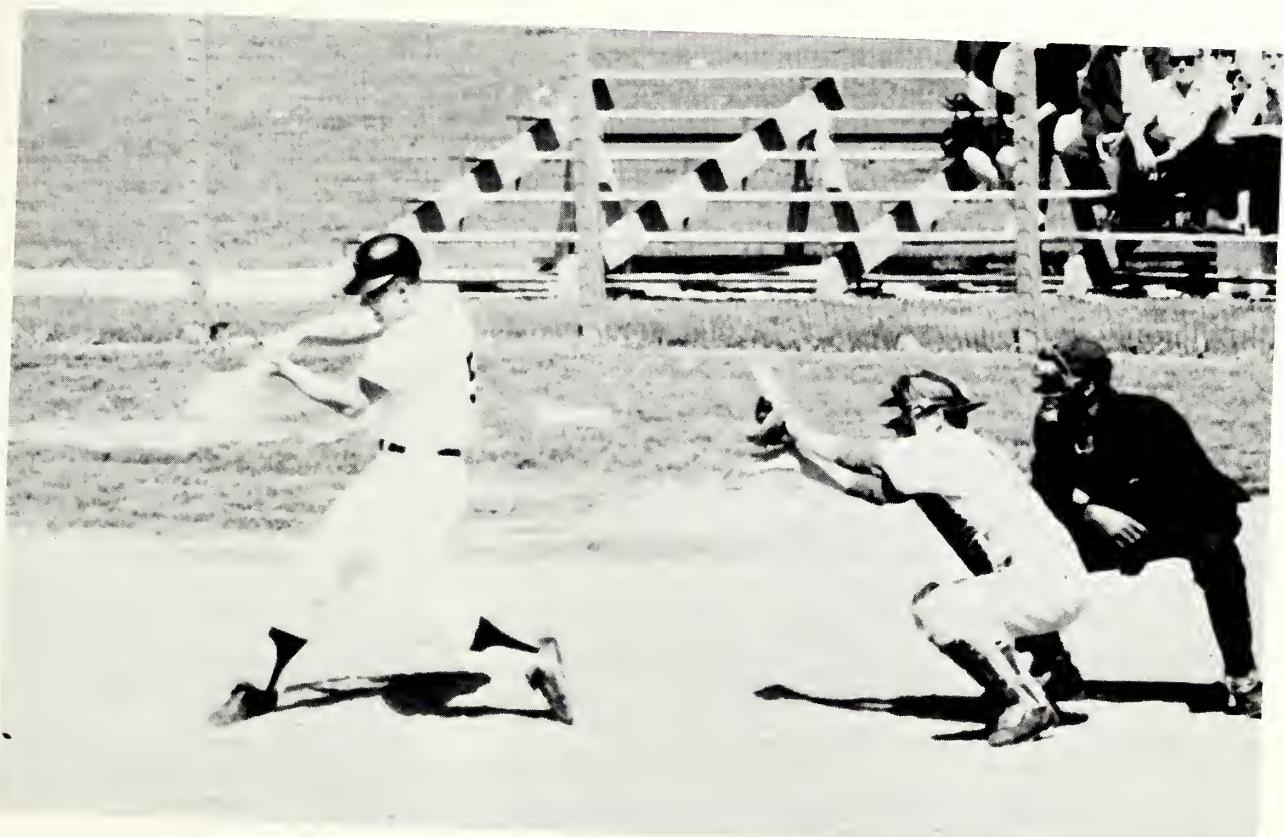

With a lot of fight and a little bit of luck, Coach Lindstrom believes that next year's team can be a good one and next year's record a winning one.

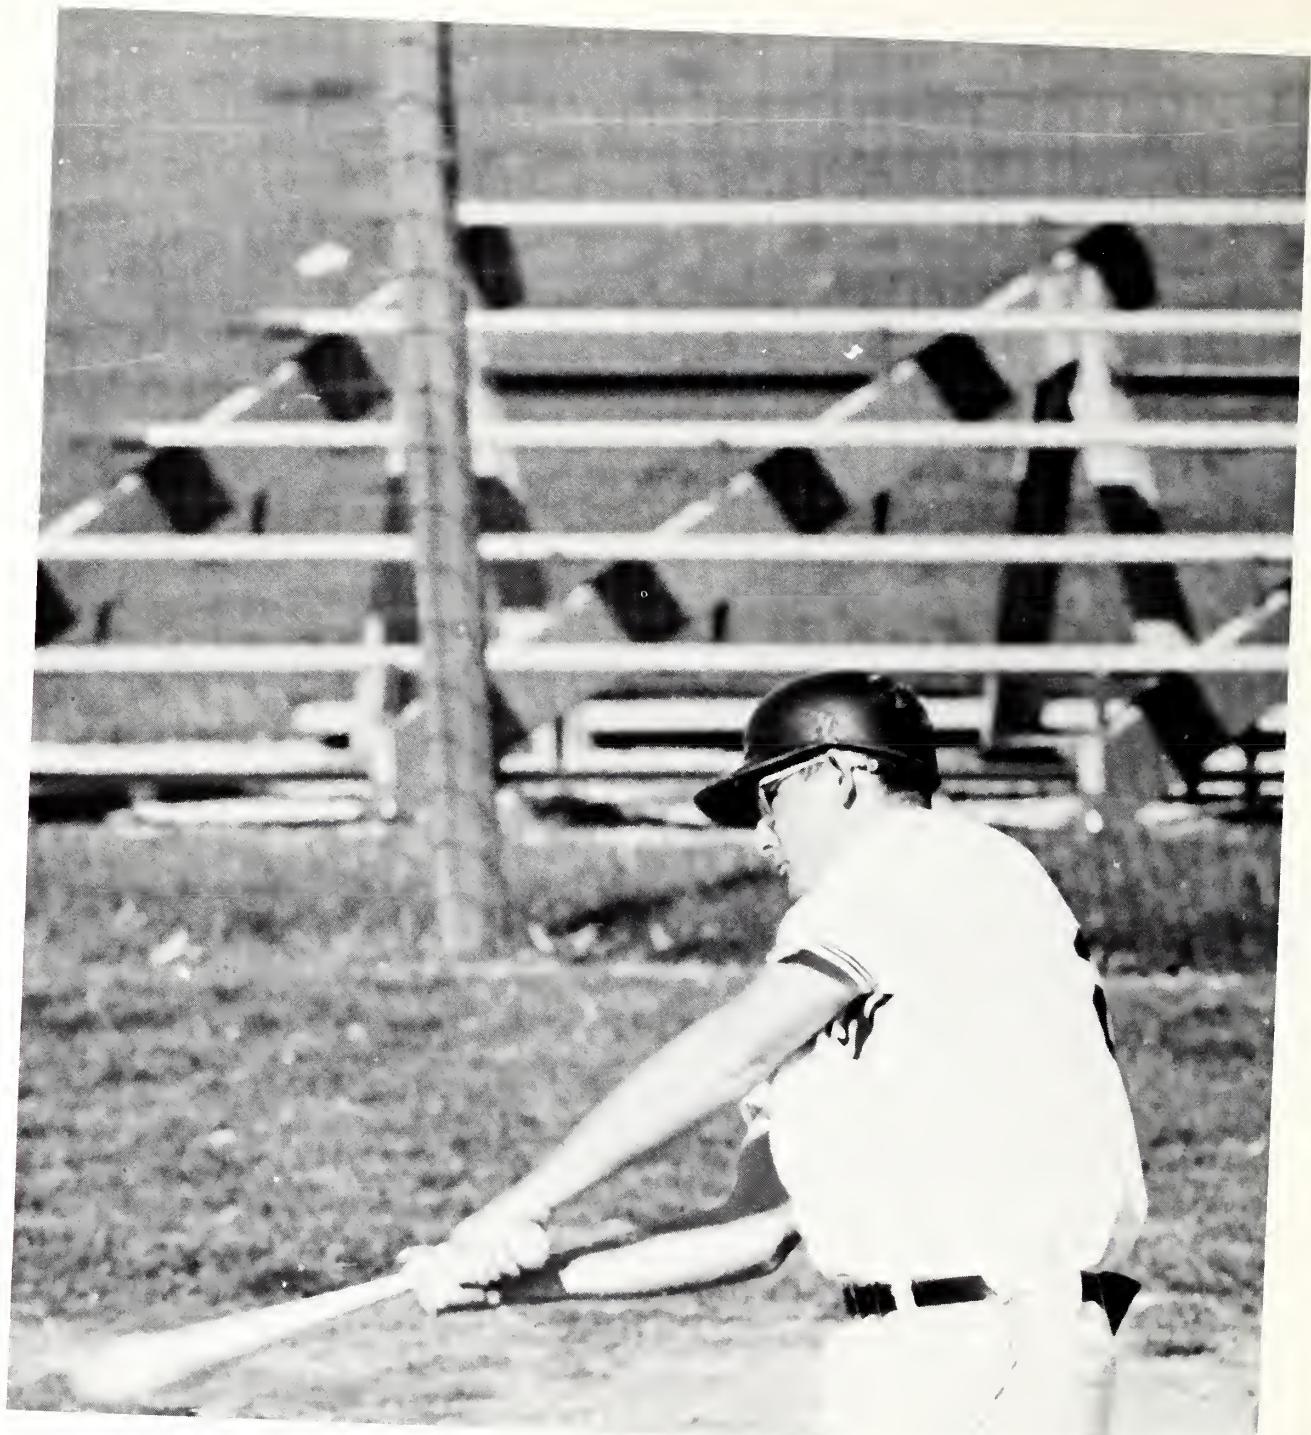

To swing or not to swing. Jim Kennedy at the plate.

Bill Dickens takes a swing and misses.

Len Batterton ups his average with a single.

Big Jim Orr underscores his determined expression with a long hit.

TENNIS

TENNIS TEAM. Standing (from left) are Coach Mr. Tom Zurkammer, Michael Steinman, Wayne Johnston, and Tom Cherrington. Kneeling are Mark Solomon, Larry Petraitis, and Gary Reuter.

Because of a late start, the Lincoln College Tennis Team was able to play only two scheduled matches, both with Kaskaskia Junior College of Centralia. The first match they lost by a score of 0-7, the second they lost by only one point, 3-4. Lincoln College was host for Region Four of the N.J.C.A.A. Tennis Tournament, in which eight schools participated. Of the teams competing - Lincoln, Joliet, Kaskaskia, Wright, Moline,

Black Hawk, Danville, and Amundsen - first place was won by Black Hawk and fourth place by Lincoln. Both single and double matches were held, and Mark Solomon won two matches in the singles division. With the exception of Wayne Johnston, the entire tennis team this year was made up of freshmen, so Coach Tom Zurkammer looks forward to a good team and a fine season next year.

INTRAMURALS

CARROLL SOUTH RESIDENCE HALL won second place in the 12 team intramural football tournament.

I-M NEWS

CARROLL SOUTH WINS CAMPUS CHAMPIONSHIP

| | | |
|--------|---------------|------------|
| First | Carroll South | 665 points |
| Second | Forsythe | 650 points |
| Third | Carroll North | 595 points |
| Fourth | Off-Campus | 550 points |
| Fifth | Commuters | 535 points |

INTRAMURAL ATHLETE OF THE YEAR Greg Manach, chosen for scholarship, sportsmanship, leadership and participation, played intramural football, volleyball, basketball, softball and billiards.

Carroll South won the all-campus intramural championship. South's team, which compiled 665 points in all sports, was followed by Forsythe's with 650 points. The All Campus Championship Trophy will grace Carroll South Residence Hall for one year.

FOOTBALL

Pity the poor football.

The aim of the Intramural Sports Program is to provide an opportunity for every student at Lincoln College to participate in some type of competitive sports activity as regularly as his or her interest, ability and time will permit.

This year Lincoln College initiated a newly organized and expanded Intramural Program. In the past we have not had a "dorm oriented program" due to our small enrollment and limited facilities. This fall, however, with a record enrollment and additional facilities and equipment, the Intramural Program was based on inter-dormitory competition.

In the Fall, the Intramural Program offers touch football, tennis, cross country, and co-ed volleyball. Winter sports are basketball, billiards, co-ed table tennis, co-ed badminton, and co-ed bowling. Softball and archery are the Spring sports.

Up for the rebound.

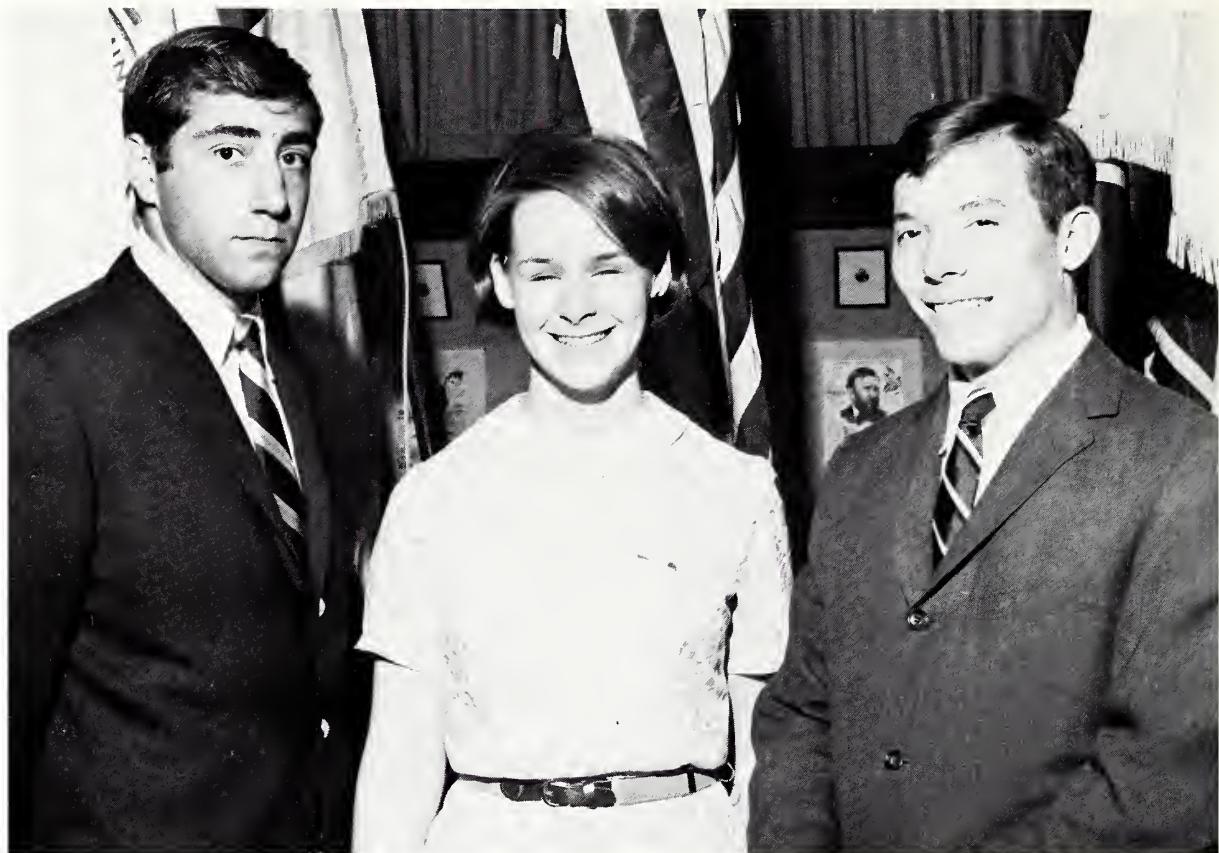

STUDENT BODY

If a body meet a body . . .

Only through students can any campus be alive; only through the entire student body can a college be an exciting place to learn and work. The Lincoln College students of 1966-67 gave Lincoln this excitement. They gave it a vigor which seemed to filter into everything, and fill everything with an electricity that lifted college life from a mere existence to something invigorating and long to be remembered.

Eager to learn, anxious for success in everything, and willing to work for that success, the students made Lincoln College. Through their search for academic enrichment, psychological fulfillment, and social acceptance, they gave Lincoln life.

ADMINISTRATION FACULTY STAFF

"Of education . . . I can only say that I view it as the most important subject that we as a people can be engaged in."

Abraham Lincoln

Administrators, faculty and staff are engaged in the challenging profession of education. Administrators share the task of sustaining a viable institution of learning. Bricks and mortar, funds, distribution of resources, admissions, public relations, and student services may be numbered among their obligations. Primarily, though, they share in the task of building a superior faculty, for the faculty is the *raison d'etre* of any institution which purports to be a learning community.

At Lincoln College, the faculty is both well qualified and devoted, qualities which make possible the fulfillment of the college's philosophy.

"While Lincoln College has always supported the ideal of democracy in education and has no reason to regret this philosophy, the college does not identify educational strength with large size. We do not believe that the philosophy of 'education for all' needs necessarily bring mass production methods to the college campus. At Lincoln, we prefer to work with small numbers so that each individual, without regard to past achievement, may be prepared to follow a realistic goal successfully."

PHYSICAL EDUCATION

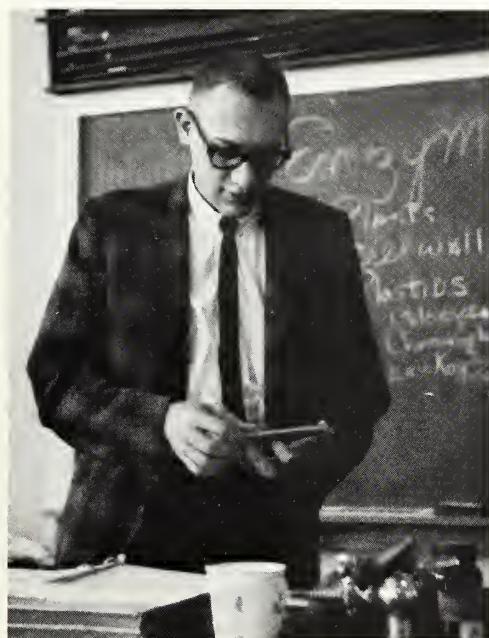

The Physical Education Department at Lincoln College, in addition to fulfilling graduation requirements, develops a variety of basic skills for the benefit of the student now as well as later on in life. Team sports, as well as individual abilities, are developed as foundations for intramural games. The Physical Education Department will be expanded next year to make use of the natatorium now under construction.

SCIENCE

Lincoln College offers the liberal arts student a very adequate curriculum in the sciences. It acquaints those not continuing in science with its mysteries and provides those continuing in science at another institution all the fundamentals necessary for success in upper level courses. In the science curriculum are included hygiene, botany, biology, zoology, physics and chemistry.

Excellent facilities and well qualified instructors are important factors in the success of the science program.

BUSINESS FACULTY (from left): Mr. Tom Matusky, Management, Mr. Dale Brummet (Chairman) Accounting, Mr. Jack Lauer, Economics; and Mrs. Beulah Alde, Typing and Short-hand.

BUSINESS

The numerous Business offerings at Lincoln College are designed around the areas of accounting, economics, management, and the secretarial subjects. The purpose of these courses is to provide a solid background for active participation in the business world as well as to prepare the student for future academic work.

Thomas Zurkhammer

Jesse Moore

The proud possessors of two training computers, a Minivac 6010 and an analog, the Mathematics Department keeps abreast of all new developments in its field. College algebra, trigonometry, analytical geometry and calculus I, II, III, and probability and statistics have no difficulty keeping L. C. students busy.

Mr. Elmo Pascale, Religion and Philosophy

RELIGION AND PHILOSOPHY

Three main-stay courses in the Department of Religion and Philosophy are aimed at pointing up the quickened sense which already exists in persons. The Introductory Course in Religions focuses upon religious behavior in persons at various stages of development. The Living Religions course examines the contents of five faiths: Hinduism, Judaism, Buddhism, Christianity, and Islam. The first course in Philosophy begins, as Socrates would have it, in "Wonder", but as one applies the faculty of reason to an understanding of reality, a meaningful reconstruction of life becomes a complex discipline. In all of these courses, the task is to encourage paradoxical qualities-commitment and inquiry.

Mrs. Mary Mayberry, French

FRENCH

Beginning French at Lincoln College introduces the student to the basic techniques of the speaking, reading, and writing of French. Tape recordings and records made by natives of France are used extensively to assist the student in the acquisition of a good foundation in French pronunciation.

Intermediate French continues the study of oral French, but concentrates more fully on readings from French literature, civilization and culture, and provides an intensive grammar review.

ENGLISH DEPARTMENT FACULTY (from left, seated) Mrs. Concetta Di Lillo; Mrs. Grace Lesson; Mrs. Florence Molen, Chairman: Mrs. Lynn Spellman and Miss Lois Hall. (From left, standing) Mr. Robert Damm, Mr. Raymond Spakowski and Mr. Frank Young. Pictured below with Mrs. Wade is Mrs. Joyce East. Unpictured are Mr. Ronald Kinser and Mrs. Betty Taylor.

ENGLISH DEPARTMENT

To be able to use his native language effectively and to appreciate its beauty and power in the writings of others has been an earmark of the educated person through the centuries. At Lincoln, students are given every opportunity to improve their writings and their appreciation and enjoyment of literature.

There are three writing courses offered: 101, which emphasizes theme writing, 102, emphasizing the research paper, and 210, creative writing. In the area of literature, Lincoln offers Introduction to Literature, Shakespeare, and Major English Writers. In addition, Introduction to Journalism and Advanced Reporting appeal to students especially interested in journalism. Those students needing special helps take English 91, a review of basic English composition.

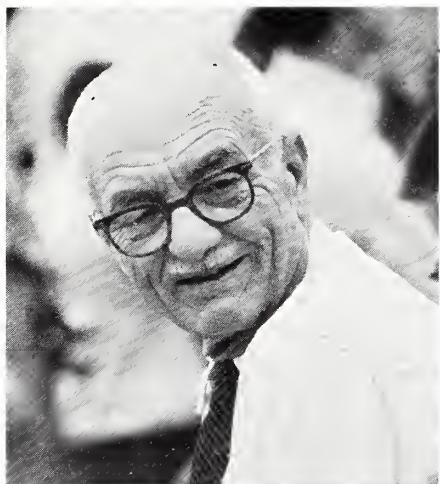

The Reading Department has structured its courses to strengthen the student's ability to read by improving comprehension, building vocabulary and maintaining efficient reading speeds.

SCIENCES

Mr. Di Lillo introduces Dr. David Welborn

Marriage and the Family, the class with a real baby in the classroom. Mrs. Pascale and her students carefully observe their bundle of joy.

A study in concentration. This little boy, absorbed in painting his own clay pot is a student at the McKeever Preschool.

The social sciences, ranging as they do from history and political science to sociology and psychology should inevitably offer a variety of challenge to the L. C. student both in and out of the classroom. In history, the offerings are World Civilization, United States History, and Modern European History; In political science, American Government, and State and Local Government; and in sociology, The Preschool Child, Marriage and Family, Principles of Sociology, and Contemporary Social Problems. The academic year saw particular development of McKeever Preschool, our laboratory school for study of children 3-5 years old.

Activities outside the classroom were no less expanding. Under the initiative of Mr. Joseph Di Lillo, political science, the Lincoln College Forum was established to provide opportunity for students and faculty to share views on subjects significant and interesting to both. This year's program included panels on Civil Rights, on What Is a University and on Sex on College Campuses; a lecture by Mr. Brayton Danner on Unidentified Flying Objects and a student debate, The U. S. is legally justified in being in South Vietnam.

Mr. Anthony Vestuto, Sculpture

ART

The Art Department of Lincoln College is most fortunate in having three talented artists to instruct its students. Mrs. Dowling, Mr. Vestuto, and Mr. Alde are respected not only for their abilities to teach but also for their own works of art. Under their tutelage Lincoln College students are offered art appreciation, art criticism, drawing, painting, sculpture, ceramics and floral design.

Each year the Art Department sponsors an Art Festival which attracts contributors from nine midwestern states. This year there were 136 entries judged by Professor Harold Schult, University of Illinois.

Mr. Walter Alde, Ceramics

MUSIC

Indicative of the growth of Lincoln College, this year the music department was staffed by a full-time instructor, Mrs. Judith Oberholtzer and a director of musical groups, Mr. Daniel Oberholtzer. Mrs. Oberholtzer teaches Piano, Voice, Music Literature, Music Theory and Music in the Elementary School. The class in Music for the Elementary School assisted at the McKeever Preschool. Mrs. Oberholtzer also sings at college and community programs.

Mr. Oberholtzer directs the wind ensemble, the college choir and the Barber Shoppers. These groups performed Parents' Weekend, a concert of sacred music accompanied by a chamber orchestra, at the February Convocation, at the Lincoln Lecture and on Mother's Day Weekend. Second semester there were 130 students participating in the music program.

SPEECH AND DRAMA

Directing four plays a year, advising Delta Psi Omega, and teaching a full load of courses keeps Mr. N. B. East more than busy. This past year, courses in oral interpretation and stagecraft were offered for the first time. Other courses in the department are Fundamentals of Speech, Advanced Public Speaking, The Living Theatre and Dramatic Activities.

Speech courses emphasize effective oral communication in a variety of situations. Drama courses aim for high artistic standards as well as educational benefits.

A winter program of poetry, as well as the plays THE IMPORTANCE OF BEING ERNEST, THE SILVER WHISTLE and TEACH ME HOW TO CRY, was directed by Mr. East.

Mr. William Vivrett, Humanities

How does understanding the past help modern man interpret contemporary life? This is the question Mr. Vivrett's students in Humanities try to cope with. Helping them are 15 hours of courses in Basic Studies 101, 102, 201 and 202 and a Fine Arts Survey course.

HUMANITIES

With the help of Randy Esserman, Mr. Vivrett displays a painting at an exhibit of his work in the Lincoln College Library.

At another lecture sponsored by the Humanities Department, Dr. Ralph A. Micken, Chairman of the Department of Speech, Southern Illinois University spoke on Our Classical Heritage.

HOME ECONOMICS

Lincoln College girls enrolled in the four semester program of Clothing Design and Textiles taught by Mrs. Mary Lou Allison, pictured below, are more often than not among the "Best Dressed on Campus." Study courses in clothing construction, fabric study and wardrobe planning result in economical but fashionable additions to her student's wardrobes. Near the end of the school year, students present a fashion show of their handiwork, the best of which is displayed in a shop window in downtown Lincoln.

THE LIBRARY

Every Lincoln College student becomes intimately acquainted with at least four campus facilities: his dorm, the dining hall, the student union and . . . the library. In its attractive and relaxing environs L. C. students study, research, and enjoy a growing collection of books, periodicals and recordings.

As in any institution, the secretarial staff of Lincoln College keeps the daily machinery of operating a college well oiled and running smoothly. Without the efficiency and accuracy of L. C. secretaries in the President's and Vice President's offices, in the Dean of Faculty's office, in the Registrar's office, in the Admissions Office and in all the other offices on campus, our tasks would be much more difficult.

BOOKSTORE

To most Lincoln College students, Mrs. Betty Meyer and Mr. David Goldhammer are two of the more familiar people on campus. Always ready to assist students with their purchases or to encourage them to use the student bank, Mrs. Meyer and Mr. Goldhammer make the bookstore a friendly, pleasant place.

DINING HALL. (From left): Director of Food Services Mrs. Anderson, Mrs. Anna Hampe, Mrs. Dorothy Swingle, Mrs. Emily Gnecknow, Mrs. Lillian Theobald, Mrs. Marie Wente, Mrs. Fern Blaum, Mrs. Flora Elmore, Miss Gladys Phillips, Mrs. Ethel Cox, Mrs. Doris Naugle, Mrs. Helen LaPanse, Mrs. Royaldine Hodel, Mrs. Edith Armhurst, and Miss Mildred McMath.

DINING HALL STAFF

Providing three meals a day for a crew of six hundred hungry, hard-to-please college students is a thankless task, but one which Director of Food Services Mrs. May Anderson, right, does with pleasure and pride. Always planning an attractive, nourishing meal is a challenge which Mrs. Anderson is well qualified to meet. She received her B. S. in Home Economics from Kansas State University, and has done graduate work at the University of Illinois and Western Illinois University. The dining hall staff always provides especially delicious buffets for parents and guests visiting Lincoln College.

Ready to serve with a smile are the staff at the Student Union. From left are Bernice Salmons, Naomi Danoski, and Anna Laughery. Unpictured are Mary McCabe, Dorothy Tumilty, and Orville Hern.

STUDENT UNION

The student union might perhaps be voted the favorite building on campus if a poll were taken among the students. The friendly, informal atmosphere provides a place for relaxing, studying, watching television, listening to music, playing pool,

ping pong, or cards, splurging on a late-night hamburger, or just letting off steam. The facilities of the student union were improved this year, with the addition of a colored television set in February.

Pam Eberhardt seems perplexed over which "goodie" to choose. A hot fudge sundae would be our choice, Pam.

The student union - the favorite meeting place before, after and between classes. (Certainly not during!)

Lincoln College commuters receive honors. First row, from left: Tom Gardner, most benefit from Lincoln College, Dianne Lehner, math, physics, and citizenship, Mrs. Judy Funderburg, history, Nancy Lehner, English, and Carl Hampleman, history. Second row: Phillip Austin, ideals of the Boy Scouts of America, and Jim Young, creative writing. Third row: Lance Rogers, most valuable basketball player, and Ron Musick, Lincoln Studies.

LINCOLN COLLEGE LOOKS TO 1967-1968

What is a college? An alert student body? Expanding physical facilities? Active alumni? Faculty and administration? The answer might well be all of these and more of the highest degree possible. With a well qualified and devoted administration, faculty and staff, a curriculum especially designed to meet the needs of our students, expanding physical facilities, active alumni, and alert, enthusiastic students, Lincoln College can face the challenge of the future with confidence.

Mr. Allen Wyneken, Director of Physical Facilities.

Mrs. Scully does the honors at groundbreaking for the new natatorium while President Dooley, Board Members, and friends share the excitement.

At annual Alumni Dinner, salutations for outstanding achievement were given to alumni Dr. James Prince, second from left, in Education, and Dr. Douglas Layman, second from right, in Medicine. Sponsoring the award winners were Richard Mosier, far left, and Gilbert Klarr, far right.
